| WORKING DIARY – REPORT OF ACTIVITIES BEFORE AND DURING THE MEETING	Canary Islands from 02.03. till 10.03.2013	Name and Surname , class:
LEONARDO SCHOOL PARTNERSHIP EU VET ST★RS Education and Culture DG Lifelong Learning Programme LEONARDO DA VINCI I. tehnička škola TESLA **2011-1-SI1-LEO04-02712 5**		Davor Češljaš, 3d

PREPARATION ACTIVITIES (WORK IN PROFESSION, PREPARING PRESENTATION ETC.)Before I went to Canary Islands I went to preparation that included: studying English, advices for presentation of our school and working in workshop which prepared me for my future tasks.

	WORKING ACTIVITIES DURING THE STAY ON CANARI ISLANDS, IN MINI PROJECT BUT ALSO IN OTHER ACTIVITIES.	COOPERATION WITH OTHER STUDENTS FROM OTHER SCHOOLS, WHAT, HOW AND WHEN
02.03.2013	Departure from Zagreb. Transfer in Vienna that included sightseeing of the airport. Departure to Canary Islands. Checking in hotel. Dinner with our teachers.	We have met our host Luis who helped us with our accommodation and organisation.
03.03.2013	Day off. Breakfast. Sightseeing of the island. Visiting cactus farm. Returning to hotel. Dinner with our teachers.	We have met the Romanian team.
04.03.2013	Due the hurricane the project was postponed. Going with our teacher and Romanian team sightseeing and shopping. Dinner with our teachers and other teams.	While driving we talked to the students from Romanian team. Meeting Belgian team during the dinner.
05.03.2013	Project started. Meeting students from my team. Our team was consisted of 2 Spanish students, 1 Belgian student and me and my colleague Tin .Making plans and assignments. We started working. My job was connecting one AC switch, wiring cables on my part of the room and connecting them in junction box. I also helped other teammates and they helped me. After 2 hours and 30 minutes our job was done. Afterwards we checked our work for mistakes. Everything was in order. Lamp was working (LED lamp which was powered by photovoltaic cells.). Also both AC switches were working so the lamp could be switched form to points in the room. 3 plugs also worked. Our work was successfully done. After work we went to lunch with our teachers and other teams that was organised by our hosts. Lunch was in hospitality School.	Conversation, cooperation and planning our project with my team mates. Assigning work. Cooperation.
06.03.2013	Breakfast. Going to school. After finishing our work we had to make a presentation about it. Again we made some assignments for presentation. My part of	Communicating with other teams (German, Slovenian). Cooperation with my team mates.

	presentation was about wiring 3 plugs to 230 V AC. There were no problems in making presentation. After making the presentation we went to Christopher Columbus Museum. Sightseeing in Las Palmas and going to organised lunch. Returning to hotel and afterwards going to the beach and swimming in Atlantic Ocean. In the evening going to dinner with our teachers.	
07.03.2013	Breakfast. After it we went to school. Finishing our presentation and making plans for presenting it. Checking for any mistakes and training for presenting presentation. After school we went to the harbour and drove on a ship (catamaran). There we had lunch, drinks and we had fun. Also after we anchored there was many additional programs like: jet-ski, driving on inflatable pillow that was pulled by a smaller boat etc. After returning to the hotel we rested and had final check of our presentations. Afterwards we had dinner with our teachers.	Communication with other teams because we needed to make a table of tools and materials used while working on this project in every language. In the afternoon we had fun with other teams and teachers on the boat.
08.03.2013	Breakfast. Last work day of the project. After we came to school we had final check of our presentation. Presenting our presentation which was postponed from Monday due the hurricane. Introductory word of our host teachers and headmaster of I.E.S Santa Lucia. Many other guests attended our presentations, like mayor of Vecindario and his staff, students of host school and other teams. After presentations we had lunch that was organised by host school. After lunch we returned to the hotel. In the evening we went to dinner with our teachers.	Making plans and arrangements for our presentation and having fun with other teams. Our team on the photo.
09.03.2013	Breakfast. Buying souvenirs. Checking out from the hotel and driving to Las Palmas. Having lunch at the airport. Departure from airport and arriving to Vienna around 12 p.m.	Saying goodbyes to other teams.
10.03.2013	Departure from Vienna to Zagreb. Arriving to Zagreb.	-
EVALUATION (assessment of the usefulness of our work)	I find this project useful because I improved my English and my social skills. And most important I gained additional knowledge that may help me in further education and also in my life.	
COMMENTS (about other participants in	Big gratitude to our hosts that really did a great job organising and planning this event which I think was successful. Most of all I'd Like to thank host teacher Luis for his organisation but also	

this meeting)	I'd like to thank all students and teachers that helped organising this project.
NOTES (for improvement)	I don't think that we had any problems while we were on Canary Islands. In my opinion it was successfully organised. This was my first project so I don't have much experience in this area but I'm very pleased to be a part of it.
RECOMMENDATION TO OTHER POTENTIAL CANDIDATES	My recommendation to other potential candidates is to go through all the preparation activities and listen to our teachers Antić and Vukšić because they have a lot of experience in these projects so they know how to prepare students for them. If you follow all their instructions there shouldn't be nay problems.
BEST PART OF THE WHOLE PROCESS FORM PREPARATION ACTIVITIES TILL THE END OF THE PROJECT	In my opinion best part of this project was driving on the ship. It was really great and I thought of it as a reward for doing a great job in practical part of this project and making two really good presentations.
