mini projects and achieved results for each project. Lunch organised for all participants in school yard
 - 09.03.2013. Departure day

SUMMARY AND MAIN CONCLUSION :

Gran Canaria meeting was successful, all tasks and goals of the meeting accomplished, there was some changes in original meeting plan due to weather condition, but that did not make any problems to participants. Our host very kind to us and with their help we managed to do all the work on time and also managed to do many sightseeing and cultural events
